Dear MHS,

From towering memories to new friendships, this year has encompassed all sorts of changes. The newest addition, which is to be completed during the next school year, is the brand new Moline High School Bartlett Performing Arts Center, made possible through a partnership between Moline-Coal Valley School District and the Robert E. Bartlett Family Foundation. This center will not only increase educational opportunities for the students and staff of Moline High School, but it will also benefit the community as a whole. The center is geared to draw in more outside performers and to help enrich Moline's cultural offerings. With over 35,000 square feet in renovations and a 10,000-square foot addition, a complete gut and remodel of the 60-year-old auditorium is underway. Some of the upgrades being put into this project include advanced audio visual and lighting systems, handicap upgrades, and stadium-style seating that improves the audience's view of the stage. Other spaces being added include a music room, choral room, scene shop, dressing rooms, practice rooms, concessions area, and a multipurpose room that can be used as a "black box" theater for smaller performances. In the corridor that connects the existing facility with the addition, a "river wall," inspired by Moline's location amid two rivers, will be featured. These many grand upgrades to the school will soon do great things for the students and staff attending now, and the many more to come down the road! So, celebrating this amazing addition to the school, the "M" staff has decided to center this year's theme around "Building a Brighter Future."

Now, remember the old and embrace the new as Moline's yearbook staff is proud to present the 2017-2018 addition of the "M".

Homecoming

Journey through the Galaxy

This year's Homecoming week was out of this world! A week full of Moline spirit, hard work (on impressive floats), and of course fun; this Homecoming was one to remember. The theme for the week, "Journey through the Galaxy," resulted in extravagant parade floats and decorations throughout the school.

Throughout the week, Maroons showed their spirit through the daily themes. On Monday, students were decked out in red, white, and blue for 'Merica Day with Coronation after school. Tuesday was Tie Dye Day, followed by Wacky Wednesday, where students wore anything and everything mismatched. As per tradition, Thursday was Jorts and Jersey Day, and Friday students showed up to the parade full-spirited in maroon and white.

Friday night the football team won against Rock Island for a Homecoming victory that was one to remember. This year's dance was held at the Figge Art Museum, where Maroons showed off dance moves that were out of this world!

Members of GSA raise awareness during the parade.

HOMECOMING AT NIGHT

The juniors and seniors worked hard during the week so they could finish their class floats on time. With the outer space theme, the seniors built a rocket while the juniors created another planet. The juniors and seniors, as well as the rest of the student body, took some time to enjoy *Toy Story* during Movie Night at Browning Field.

Dressing Up!

Each day during Homecoming week, students dressed up for different themes. From Tie Dye to America, students, like Oyniso Bakhriddinova and McKena Mathews, dressed up to show their spirit.

Running Down the Ave

The sports teams of MHS get in the Homecoming spirit by riding in the parade. Students involved in a sport participate to make for a successful parade full of MHS students!

Super Fans at the HC Game

The super fan theme for the Homecoming game was "Goon Squad," which means anything goes.

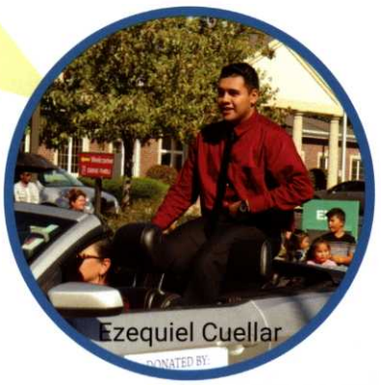

Cruising the Ave

Some of the teams make their entries unique. It was all net for the Volleyball team, and the Girls' Swim Team took a ride on a boat.

The Drama Club prepares for the long walk down the HC Parade route.

Ezequiel Cuellar

The Maroons beat the Rocks for a HC victory!

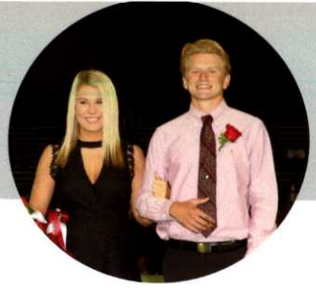

FLOAT BUILDING

Float building is a fun way for the students to come together during HC Week. Each night the students build, paint, and put together a float that will hopefully win First Place. The seniors won once again this year.

CROWNING THIS YEAR'S ROYALTY

Every year, students and staff nominate twelve senior females and males via an online form to make up Moline High School's Homecoming Court. The students with the most votes become court, and a second round of voting determines the king and queen. This year's announcers were Kaity Miner and William VanVooren, who introduced the court to the audience. On the day of coronation, all 24 attendants were escorted to the stage by Siddhi Kapur and Truman VanVooren. Once the full court was onstage, the announcers revealed the results. This year, Zamone Perez and Savannah Hampton were crowned King and Queen, and Carter Schierbrock and Hallie Mahieu were deemed Prince and Princess. At the end of the week, the court represented Moline at the Homecoming Parade and game.

LEFT: Cheering on this year's football team, Moline's super fans helped make this season a winning one.

Whether it's a brisk evening under the Friday night lights or an evening inside full of basketball and warmth, Moline High School students come prepared to cheer on their team!

I loved supporting Moline, no matter what the sport was, and I always had fun dressing up for the weird themes with all of my friends.

THE FANS MAKE A DIFFERENCE!

This year's super fans had two seasons to remember as they watched the football and basketball teams go on to winning seasons. The fans never let the teams down, even if it was raining and cold, and traveled for hours to show their support. Senior basketball player Grant DeTaeye explains, "They're the best and craziest superfans in the Western Big 6. We can always count on them to cheer us up when we're down!"

USA

Playing Alleman at Rocky's home field, the super fans dressed in red, white, and blue to show their unity. Once again, the fans' excitement helped the football team gain another victory, winning the Conference title.

Maroon and White

During the exciting basketball playoff games, the super fans dressed in maroon and white to cheer on the basketball team to beat Rocky in Sectionals. The season ended with the Maroons making it to the Elite 8!

Goon Squad

Celebrating Homecoming, the super fans got to be anything they wanted to be--which includes a lot of Halloween costumes. The theme worked because the football team beat Rocky.

Pink Out

Taking on Quincy, the football team needed the fan section to help them win the big game. The super fans stayed and cheered the team on even through brutal rain, leading to a massive win!

Iphigenia

Izzabel Jernagan, Zach Zelnio

Legend Donaldson, Kelsey Baker, Izzabel Jernagan, Amber Imming

The Greek story of Iphigenia surrounds the struggle of one father, Agamemnon, dealing with the promise to his warriors to sacrifice his daughter, Iphigenia, to the god Athena in order for his warriors to be able to sail on and defeat Troy. The trying epic left the audience on the edge of their seats. Using traditional acting methods, the cast and crew were able to bring such a grand story to life.

CHICAGO

Anna Riggins and Isaac Waddell

Kelsey Baker

The year, Moline High School put on the most spectacular shows the stage has ever seen. This performance of the Broadway sensation Chicago was the last show to dance, sing, and act across the 50 year old stage, which went under renovation in January 2018. The cast and company truly made it a night to remember. With a strong pit of jazz musicians, an amazing crew, and the incredible talent of all the actors, the show felt as if it was more than just a high school musical, and that it was a production worthy of the Broadway stage.

Most Memorable...

"The last night on stage--knowing that this was going to be my very last performance of my high school career. Feeling the energy from the audience and knowing that being on that stage that night was my proudest moment of my entire high school career. The stage is my home."

- Issac Waddell .

East of the Sun and West of the Moon

A Norwegian fairytale full of adventure and love brought the audience to a whole new world of Trolls, Hags, and Magic Winds.

Student Director: Anna Riggins

I learned a lot from working on East of the Sun and West of the Moon as student director. I'm used to being on stage and focusing on my acting, but as a director, you have to understand every character and have a comprehensive view of the show as a whole. There is so much organization and creativity and leadership that a director must hold in order to be successful. It is a demanding job, but so rewarding to share your vision and see a story come to life throughut the process.

Production Process

Kira Roberts, Hailey Neels

Gjerd, played by Hailey Neels, embraces Tove (her daughter) played by Kira Roberts.

The Prince, Zach Zelnio, leads Tove to his ice palace.

Due to the auditorium's renovation, the cast and crew of East of the Sun were forced to find alternative solutions for rehearsal locations and set styles. They opted for a minimalist style, which helped their performance on the John Deere Middle School's smaller stage. Though the group had many challenges during this production, it turned out truly magical in the end!

Share Joys

Since 1949, Share Joys offers a well-deserved break from the stresses of everyday school. MHS students come together and celebrate the spirit of the season. Though Share Joys seems like all fun and games, all the money raised goes towards clothing less fortunate students in the school district.

[Fun for a Good Cause]

During Share Joys, elves come armed with baskets full of treats like puppy chow, cookies, and Oreo balls. Students eat more in one week than they do in one month, but it's all for a great cause! Other activities include a donut eating contest, improv, talent show, and classroom activities.

By the Numbers

$12,717.44 - amount raised by the Donut Eating Contest

$46,180.60 - amount raised this year

$1,207,732.60 - amount raised since 1949

Community Involvement

Walk Out:

In response to the Parkland Shooting at Stoneman Douglass High School on February 14th, nearly nine hundred MHS students participated in a national walkout on March 14th to protest gun violence and advocate for stricter gun law reform. The protest lasted 17 minutes to honor the 17 victims of the shooting.

Abbie Benson

"I walked out because I believe that the safety of children, teens, and adults all across the country is at stake. I walked out because people are dying due to the lack of gun control and regulations in the United States. I walked out because I'm tired of seeing new news headlines about shootings every week. I walked out because we deserve the right to feel safe in our schools."

Franklin:

After an electrical fire caused Franklin Elementary School to relocate, the community banded together to gather school supplies and monetary donations to help the teachers and students affected by the devastation from the fire.

Blood Drive:

Every November and February, students sixteen and older have the opportunity to donate blood and give back to the community. This November, MHS donated a total of 148 units which saves 444 lives!

History Club:

This year the History Club continued its tradition of a Veteran's Day assembly and participation in the Illinois Veterans' History Project. Additionally, members put up flags to celebrate national holidays.

What is your favorite part about gettting involved in the community?

"My favorite part about getting involved in the community is actually being able to know that you're hard work and compassion is making a difference in peoples' lives. I love knowing that the food I'm helping to organize is going to a child who is hungry and doesn't know when their next meal will be."

Hunger Drive:

Moline students continued their tradition of competing with sixteen other area high schools to raise the largest amount of food for the Quad City area. In total, 424,845 pounds were collected during the drive that went to Riverbend Food Bank to be distributed to those in need. Moline also hosted its annual Empty Bowls Project, where the public is invited to try local soups and bread and fight hunger together.

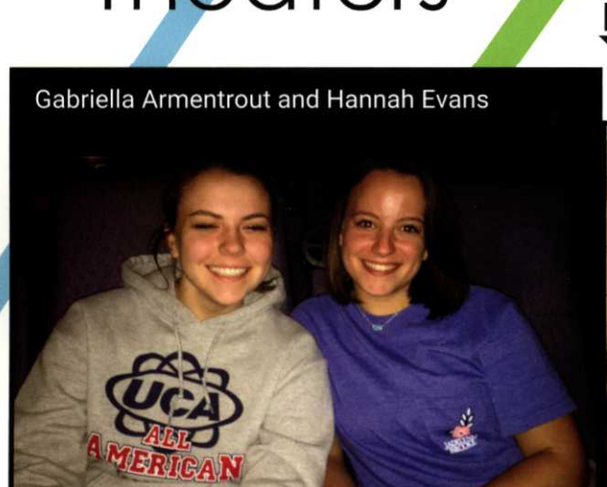

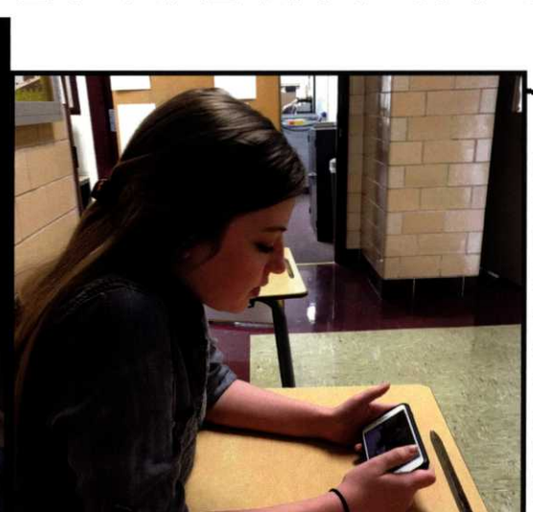

ENTERTAINMENT:

Not to say that movie theaters are becoming obsolete, but it has become more common to find students binge-watching Netflix in the comfort of their own home rather than taking the trip to the movies.

FASHION:

SKINNY Jeans

Fashion seems to have made a full cycle this year - old trends have made a reappearance. Skinny jeans made way for more comfy pairs of boyfriend jeans and mom jeans. Chokers, new balances, and bell sleeves have all been other trends this year.

Hard Work Pays Off

All throughout the Quad Cities, Moline High School students are hard at work. From grocery stores to fast food restaurants, MHS students stay busy year-round while learning how to balance work and school among other extra-curricular activities.

Senior Year
closing stretch

Ian Brown, Alexis Wolf, and Garrett Brown

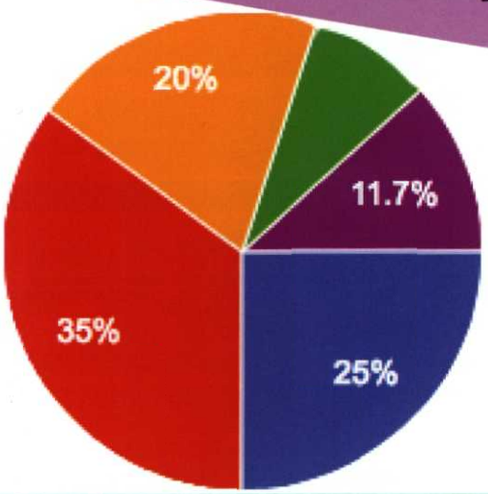

Four years later, we've finally made it to the end of high school! From freshman year to senior year, we've all experienced so much together, and we've grown exponentially as individuals. As we say goodbye to MHS, let's take a look ahead and consider what the future may hold in store for us. In the coming years, where will we end up? What will we be doing? What memories will we remember from Moline? We asked some of our seniors what they thought.

Where do you plan on going after high school?

- Staying in the Quad Cities
- Somewhere within driving distance
- Somewhere far, far away

Where do you see yourself in ten years?

- Single
- In a committed relationship
- Married
- Married with one child
- Married with children

What is your favorite high school memory?

Performing a piano concerto.

Faculty and Staff

Laying The Foundation

I am blessed to have worked along-side many dedicated staff members and served wonderful students throughout my 37 year career. There's not a better job than being an educator. Growing up, I wanted to be a farmer. I guess I was one in that I helped to raise our youth. Always a Maroon, wishing you all a bright and happy future!

"If someone were to ask me about one of my greatest moments in High School, I would say, 'Having the oppertunity to express my creativity through the high schools publications realm.'"

- Nicole Tillberg, Senior

Writing The Script

"My time with Yearbook and Line O' Type has been filled with a lot of fun but even more procrastination."
-Truman VanVooren, Senior

If you ever find yourself in B-wing second floor, you are more than likely to spot publications students scrambling around the Publications Office. Both the "M" and the Line O' Type staffs are always working to capture Moline's best moments and inform the students about the school, community, and world. Meanwhile, the Kaleidoscript team puts a creative spin on publications by showcasing original artwork and creative writing produced by Moline students. In the end, the publication staffs have been important in producing material that all students can enjoy.

Finding Your Voice

One of the reasons that many students join clubs at MHS is to give themselves an opportunity to explore their interests and express themselves. Authentic Voices and GSA both help their members to build confidence, and FCA and Bible Study also allow students to have a space in which they can express themselves.

How has your club impacted you?

"FCA has helped me improve my attitude in and out of the pool."

-Ella Scrutchfield, Sophomore

"GSA taught me how to help others with difficult situations and my own."

-Julie Glenn, Sophomore

Many students wish to go beyond the classroom by joining clubs that challenge their intellect. The Academic Team participates in competitions throughout the year against other schools to test their general knowledge. History Club researches the community in order to learn more and host events, and Book Ends explores the various genres of literature.

-Makayla Castillo, Junior, Book Ends

"Organizing the Veteran's day assembly and hearing the stories of different veterans."

-Shiv Puri, Senior, History Club President

Got Games?

Many students at Moline High School take part in gaming of all sorts. Clubs like Chess Club and Gamers Club tune into strategy and competition, while Sports Unlimited and Bass Fishing dial in to more physical and inclusive aspects of student life. These activities build team dynamics, provide an outlet, and connect students from all corners of the building.

GIRLS GOLF

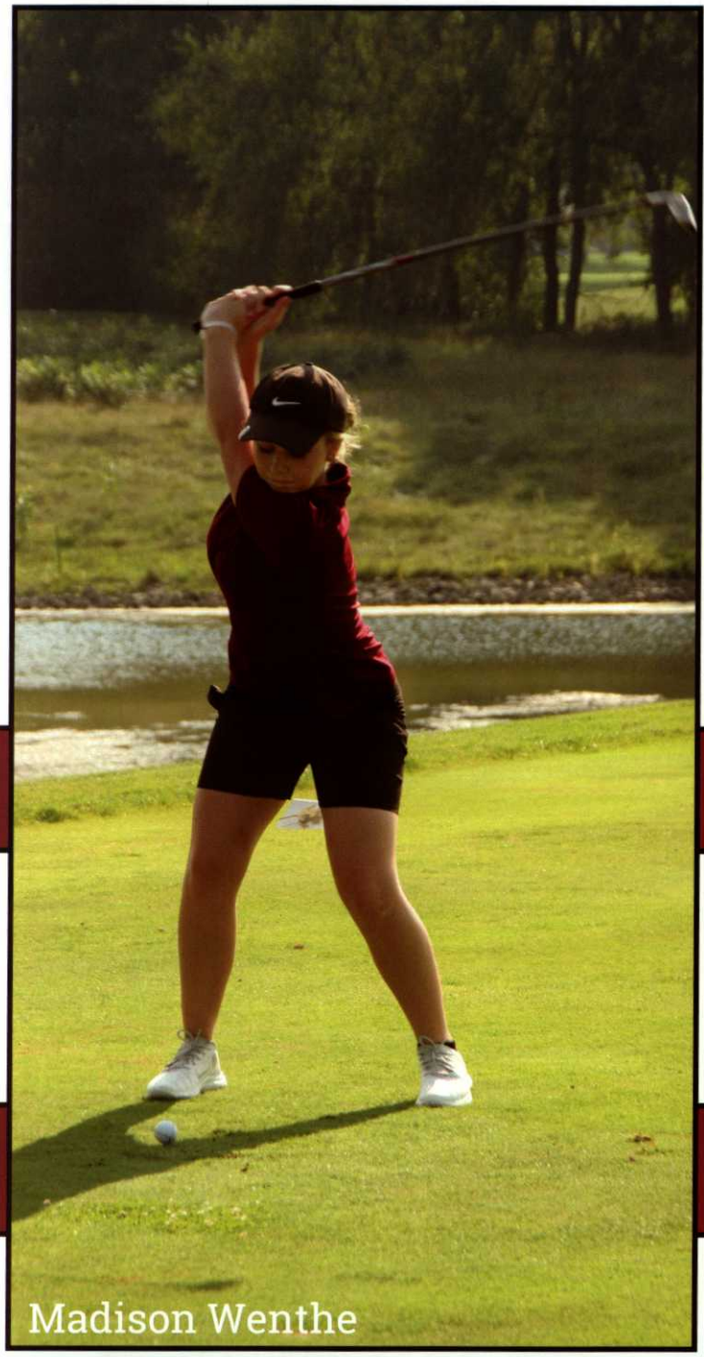

The girls golf team had yet another successful season this year. The team had many practices perfecting their game, and their hard work definitely showed off when they took second place at the Western Big 6 conference meet. The team is excited to get back on the course next season to continue strengthening their game.

HUNTER HOTCHKISS

Hunter Van,
I can't believe this day is here already, graduation day. We are so proud of the kind, hilarious, hardworking young man you have become. Your hard work and determination paid off both on and off the mat. Take pride in how far you have come. Have faith in how far you will go in the future!

"Invest in the love, give it your best. Follow what's in the left side of your chest. Be ready for highs, be ready for lows. A dream is a dream until you go. Through the mistakes you'll find who you are. Don't reach for the moon. You're going to Mars."

Mikayla
CARLSON

Mikayla,

We are so proud of you and the young woman that you are becoming.

Love always,
Mom and Dad

OH, THE PLACES YOU'LL GO!

"You have brains in your head,
You have feet in your shoes.
You can steer yourself in
whatever direction you choose."

-Dr. Seuss

Love,
Mom, Jon, & Kids

NOAH STIVERS

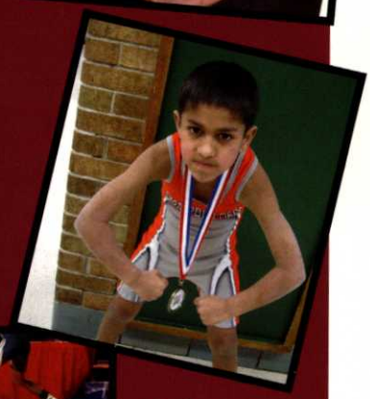

ISAIAH TAPIA

Isaiah,

We're all very proud of the person you've become and everything you've accomplished. You've come a long way and you're going to go far. God bless you and we love you.

Love,
Mom, Dad,
Aunt Carri and Uncle Mike

THANK YOU!

The 2018 "M" Staff would like to thank the following for all of their help in creating this year's book:
JoAnn Newberg and Nicki Lambrecht for putting up with us in the bookstore, Elmer Hallgren for having to clean up our messes, everyone on the yearbook staff who worked endlessly to finish on time (it was a crazy couple of weeks), and all the students who let us take their pictures and trusted us to put them in the yearbook.

Have a wonderful and bright future!

Congratulations, Class of 2018!

A Brighter Future Lies Just Beyond These Doors-

Having been in school the past 55 years, I'm not sure what the future holds, other than looking back with appreciation and forward with anticipation.

-Principal Dan McGuire

Farewell, Mr. McGuire

Congratulations, Class of 2018!

Remember your days at MHS and create even greater memories in the days ahead. Never stop building a brighter future!

-The "M"
